LEADERSHIP DEVELOPMENT PROGRAMME

Cultivating transformational leadership for South African executives

Build a competitive advantage by inspiring, motivating and engaging teams in times of increasing uncertainty and change.

Presented by Global Business Solutions in association with Anton van der Walt

Overview

As a senior leader you do you enable yourself to adapt great leadership skills, gain success and leave behind a valuable legacy?

The Leadership Development Programme will enhance critical thinking, introspection and personal reflection. As a result of your leadership development and personal growth you'll impact a vast area of your life, providing you with a greater sense of fulfilment.

The Leadership Development Programme (LDP) includes:

Members to the Leadership Development Programme for South African Executive will, over a six-month period, build the following skills and competencies:

1. Leaders will be able to envision innovation and creativity in their companies. Their leaders will be expected to apply thinking, learning and growth mindset.
2. They will be expected to take initiatives for effective overall thinking and combat with feedback.
3. Transformational leaders will gain an understanding of the importance of their leadership. This will create a new paradigm, which will enable the leader to take responsibility for their leadership.
4. Leaders will be expected to take initiatives for effective overall thinking and combat with feedback.
5. Leaders will be expected to take initiatives for effective overall thinking and combat with feedback.
6. Leaders will be expected to take initiatives for effective overall thinking and combat with feedback.
7. Leaders will be expected to take initiatives for effective overall thinking and combat with feedback.
8. Leaders will be expected to take initiatives for effective overall thinking and combat with feedback.
9. Leaders will be expected to take initiatives for effective overall thinking and combat with feedback.
10. Leaders will be expected to take initiatives for effective overall thinking and combat with feedback.

This Programme is aimed at:

South African executives already involved in leading core business functions, team performance and inspiring innovation, talent and programs.

Course Duration:

- 1 Year (6 months)

Design Thinking – recognizing and unleashing our creative and innovative spirit.

We have designed a highly interactive and engaging 2-day Design Thinking training workshop to help a diverse team learn thinking of design thinking process, design, skills and action plan. The workshop includes a variety of activities, as well as providing practical exercises and relevant business projects. Through the process we will design and position our design thinking process above.
